Lylepublishing, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Who are you? Not just your name, age, and gender. Rather, what are your unique, defining characteristics, both the positives and negatives? The hardest person to really know is your own self. So who is the Girl with the Turtle Tattoo ? What makes her special? Is she the weirdest girl you ever wanted to love.or be? Is she an angel, a demon, or an alien? She s certainly not as cute and harmless as she looks. If you try to kiss her she may bite your head off. But she promises you the deepest love.if you can track her through time and unlock her secrets. It was just a brief encounter in a grocery store in a small town in Oklahoma, but David King is intrigued. He s a research scientist on a lonely quest to somehow make discredited cold fusion work. Incredibly, this spooky, mysterious girl may hold the key to him producing unlimited energy, curing terrible diseases, and even overcoming death itself! But scientific miracles can stem from a dark reality. To discover her secrets, Dr. King must brave an alternate dimension, be hunted by the law as a fugitive terrorist, and travel through time to both the past and the future. Can he uncover the ancient Truth behind the Girl with the Turtle Tattoo before it destroys the planet and all humanity? Knowing her extremes, we can better understand ourselves. As strange as it seems, the Girl with the Turtle Tattoo is you.
