

The Scale of Things: Mind-Blowing Proportions, Remarkable Ratios, Extraordinary Facts (Hardback)

Filesize: 5.65 MB

Reviews

This publication is wonderful. it was actually writtern very completely and benefical. You may like the way the writer compose this publication.

(Prof. Aisha Mosciski PhD)

THE SCALE OF THINGS: MIND-BLOWING PROPORTIONS, REMARKABLE RATIOS, EXTRAORDINARY FACTS (HARDBACK)

Quadrille Publishing Ltd, United Kingdom, 2018. Hardback. Condition: New. Language: English . Brand New Book. If the Sun is the size of a Grapefruit, the Earth is a grain of sand, then the distance between the two is a London bus. Scale is intriguing. Scale is everywhere. Scale is our experience of the world, from our perception of time to physical distance to weights and measures. The human scale is 1:1, the point of reference. Everything is designed around it. Wealth is an example of scale, so is a sculpture, a building, a planet or a molecule. Scale is a universal and timeless subject. It s a BIG subject. The Scale of Things brings together facts and figures in a visual way, embracing popular science, space, economics, politics, geography, nature, technology and architecture in an accessible and entertaining way. Fun and informative, it will change the way you look at the world around you.
