Reviews

This composed pdf is great. This can be for all those who statte that there was not a well worth looking at. I am just happy to explain how this is actually the finest pdf we have go through inside my own daily life and could be he greatest publication for ever.
(Conrad Heaney)

THE RAGGED WEAVE OF YESTERDAY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. When an old mountaineering friend fell gravely ill, Andy Miller found himself looking for solace in the oldest of a set of personal diaries that he had faithfully maintained for fifty years. Would their youthful adventures be recorded? What shared memories had he forgotten? Was there an anecdote or two that might help lift his stricken friend? Long-forgotten rock climbs and hitchhiking adventures tumbled out from the pages as he found himself immersed in the experimentation and freedom of his 1960s youth. As it dawned on him that the shelves of dusty notebooks literally contained the story of his life, questions started to crowd the mind of this nationally-recognized psychologist and award-winning poet. Why do people write personal diaries? What do they put in them? Who, if anybody, do they think will be interested in them? Jolted by his friend's condition he decided it was time to face his own past; time at last to read and edit them all. So began a journey not only into his own life story but into the role of diaries in our lives and, ultimately, into the very nature of human memory and the sense of the self. -An intimate and immensely readable book - Dr Phil Stringer, Dept of Psychology, University College London. Andy Miller is an Honorary Professor at the Universities of Nottingham and Warwick.
