*Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).*

The New York Review of Books, Inc, United States, 2016. Paperback. Condition: New. Main. Language: English . Brand New Book. Robert Bresson s Notes on the Cinematographer are working memos which the great French director made for his own use. In all of them, Bresson reflects with a craftsman s insight on techniques and their philosophical and aesthetic implications. Not surprisingly, these acute reflections will not only sharpen a filmmaker s sensibility but that of any artist in any medium. Bresson makes some quite radical distinctions between what he terms cinematography and something quite different: cinema - which is for him nothing but an attempt to photograph theater and use it for the screen. Director of The Trial of Joan of Arc, Pickpocket, A Prisoner Escapes, Diary of a Country Priest, Money, and many other classic films, Bresson is, quite simply, one of the most brilliant cinematographers in the history of film.
